There will be a caucus of the Republican Electors of the township of Almena, at the Paw Paw River House, on Thursday, the 29th of March, at 2 p. m., nominate township officer Almena, March 12th, 1883.

Every voter in Michigan who did not have his name registered last fall, must register this spring before election or lose his vote. Let no Republican fail to register. Leave your names with your Township Clerk, and he will present them to the board of registra-

The hard-soft Democrats and the softhard Greenbackers have resolemnized their nuptials, but not without a good deal of kicking on the part of the s. h. gs. The h. s. ds, as usual were anxious and amorous, scarcely able to await the due publication of Greenbacker. I ask the convention to conthe nuptials. This does not promise fair for a long and happy married life.

We have heard of "a bull in a China shop," but think of Tom Sherwood on the Supreme Bench of Michigan. He will probably come as near reaching that position as he did getting into the Halls of Congress. Had the Demo-Greenback-Fusionists nominated Judge Newton, a man of reputation as a jurist, possibly they might have made a respectable showing, but Tom Sherwood! The idea is preposterous.

The Lansing Republican evidently knows the Greenback candidate for the Supreme Bench, Thos. R. Sherwood. Speaking of him it says:

Everybody knows T. R. Sherwood of Kalamazoo, but whoever thought of him in connection with the supreme justiceship until it became necessary for the Greenbackers to fulfill their part of the contract in constructing the mongrel ticket? All eyes turned instinctively to Judge Wm. Newton as the only man in the Greenback ranks fit for the high honor, but when he was trotted out it was found that he was exceedingly lame on account of the writing of a certain letter in aid of a politician outside of his death, a period of nearly 18 years. On the

The recent Greenback Convention at Lansing afforded a capital opportunity for men in this place, and both himself and his delegates to air their oratory, and their ideas. or lack of ideas, as the case happened to be. Begole advocated the nomination of Judge Newton because he took him (the Governor) by the hand and congratulated him on his congressional career, because he said "You are right, o'clock in the evening he was taken with a Mr. Begole, and I will stand by you." Dr. McNabb, of Newaygo, stepped from the sublime to the ridiculous, thus: "Let us Come as the winds come when forests are Come as the waves come when navies are

Mr. Tinkham, of Branch, not to be outdone by windy Dick, either in profanity or in the advocacy of fusion, said, "Talk of destroying the Greenback party; you might as well talk of destroying God Almighty. As a party we have got to come to it, or be damned." A delegate from Clinton county got in a dig at the railroads as follows: "I was opposed to this fusion business on the start, and I believed that when things got into a condition where rebates are made by the railroads to the delegates to Democratic conventions, and full fares are charged the Greenbackers, it is entirely unfair, and it looks as though there was something wrong. I was asked to pay full fare. I told them to go to the devil, and went and borrowed a wagon; I was coming anyhow." Mr. Mead, of Lansing, feared the result of fusion would be disaster. He said, "We should consider all phases of this question. I have fears when the leading Price \$2,200. I cannot help thinking this, because I am an earnest, honest sider well what will be the result to our party, if this combination is maintained and carried out. And so out of this strange commingling of hards and softs, this uniting of the names of the Deity and the Devil, this union of organized appetite and profamity, was born the fusion babe, by a vote of 333 to 79. > Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters; I have now taken one bottle and a half and am about well—pain JOHN K. ALLENDER.
